**Refers to: Anyone concerned or interested in case of official approval of car seats manufactured by Ł. Karwala**

All car seats manufactured and sold by company Ł. Karwala and introduced on the market through Ł. Karwala customers are falling under official European regulations (UNECE R44 and UNECE R129) and as confirmation to that, the approval number is sufficient. For those interested in more details, first pages of approval certificates should be sufficient as they include all the required information like Test report number, Approving unit, Person responsible for the approval.

It is not possible to share all the test report and technical designs according to "know how" rule as those details are considered as sensitive data and might be used against the company interest.

In case of any further needs or questions, please contact Ł. Karwala office.

With best regards
